**Treasurer's Report:** Gary Hallberg took in a couple more annual dues, and reported the club account is sound.

**Tours & Events:** Margaret Petersen started off by showing off her temporary tattoo she got at the Folklife Festival. She reported we had 2 club members' convertible mustangs that participated in the Armed Forces Day Parade in Bremerton. We have lots of fliers available for upcoming events. George Hammond mentioned the 2005 MCA West show Aug. 12,13,14 in Lacey. Show & Shine is Aug. 20<sup>th</sup>. Please check out our Website for more events, ect. Monday, June 13<sup>th</sup> is our monthly dinner. It was suggested we go to the Chinese restaurant in Des Moines by the Marina. Kirk Charboneau will let Margaret know the name of the place, and she will send out an email. Margaret also mentioned she has a friend looking for a '65 Mustang Convertible.

**Membership:** Linda Hallberg reported we have 31 members and 4 guests at our meeting. Bruce Hansberry made his 2<sup>nd</sup> visit here. Ken & Sandy Charboneau (Kirk's brother) incidentally both brother's just bought matching red 05's (except different wheels), and Karsten Sathre. Linda went over the club requirements and dues. New members are Jeff Strobl who joined in April and Sean Burkey, and Jim & Debi Bowlin.

Lori Swanstom (old member) has moved back from CA. and attended the meeting.

**Tech. Session:** Brad Hofman suggested maybe a future tech. session could be paint less dent removal done maybe at a meeting. The paint can't be broken, just a dent, possibly we could get a group discount if several members brought cars.

**New Business:** Gary Dagan dedicated the rest of the meeting to our car show. We only have 2 meetings

left till the show. He told the new members and guests a little about our annual show. Members start the day around 6 a.m. and finish approx. 3 p.m. Mark Palmore read out loud a list of jobs needed to be done at the show, and passed a clipboard of jobs for members to sign up. Please make sure he has current phone #'s so he can contact you. He stressed how important members participation is needed, to make the show a success. He suggested this year we have 4 boxes of registered cars, alphabetically split up, so we can have 4 lanes of cars entering the morning of the show to ease congestion. The goody-bag stuffing party will be held at the Aprill's house again. Thurs. eve. Before the show. We need a raffle prize team (and members need to start collecting door prizes now), as that's the only way the club brings in money for the show, as everything else is free. We need a trophy set up team. Possible ideas for trophy's are fleece blankets (that roll up into pillows). T-shirts are still in the works. There will be no picnic Sunday at the Dagan's after the show this year, as they are building their new home.

Possible July club meeting would be Friday, July 8<sup>th</sup> as we need time to plan show (Friday July 3<sup>rd</sup> is tough to attend with holiday weekend)

The meeting was ended by a surprise Birthday cake for Charter Member Sandy Hallberg who turned 65 yearsold.on Tues. June 7<sup>th</sup>

## News from Ford

**FYI:** 4/05 US sales of the Mustang were up 25.9% over 4/04, it took Ford 35 years to develop a Mustang that is true to its styling roots...

Ford Motor Company press release follows:

- \* Ford will increase Mustang production to 192,000 in 2005 - 80,000 more than in 2004
- \* 2005 Mustang is the hottest-selling car in the industry
- \* Nearly one out of every two sports cars sold in U.S. is a Mustang

**DEARBORN, Mich., March 17, 2005** - What's an auto company to do when demand for a hot model exceeds supply? Give the customers what they want.

Ford today announced that it will take production of the hot new Mustang to more than 192,000 units in 2005 - an increase of more than 70 percent, or 80,000 units, from the previous year.

"Ford Mustang is the hottest car in the industry, and its performance on the street and in the showrooms is beating everyone's expectations," says Steve Lyons, Ford Division president. "Sales are up more than 45 percent over last year, and V-8 GT and convertible model demand is so strong that we haven't been able to build enough.

We're planning to increase production well beyond what was initially planned. This will allow us to sell 160,000 - 165,000 Mustangs in the U.S. this year."

### Sales and Share Gains

Since its launch in the fall of 2004, the new model Mustang has been an instant sensation with new car buyers. Sales of the 2005 model, coupled with the sell-down of the prior model, have sent overall Mustang sales to record levels every month since launch.

The higher-end Mustang GT V-8 models are in short supply, and the much anticipated new convertible model is just beginning to arrive at dealerships in time for spring. Traditionally, May and June are the hottest selling months for convertible models.

In the key U.S. market, overall Mustang sales are up more than 45 percent on a retail basis over last year, a feat accomplished without the support of the convertible model, which traditionally accounts for one-third of overall Mustang volume. Based on the current sales trajectory, Ford expects to sell about 160,000 - 165,000 Mustangs in the U.S. for the 2005 calendar year. In Canada, where Mustang was named 2005 Canadian Car of the Year, sales continue their triple-digit month-after-month rise, topping records set more than a decade ago.

Increasing sales gains have also been accompanied by share gains.

Since the

2005 launch, Mustang has garnered 44 percent of the small specialty segment, featuring sports coupes such as the Pontiac GTO, Nissan 350Z, Chrysler Sebring and Hyundai Tiburon among others.

### Historical Anecdotes

Red-hot sales and resulting production increases of a new Mustang are not unprecedented. When Mustang was first introduced in April 1964, Ford had only expected to sell 100,000 the first year. But dealers took 22,000 orders the first day. Ford shifted production mid-year and Mustang went on to sell 618,812.

Mustang fever spread from showrooms to car-hops and Mustang legend spread through barbershops, diners and service stations on "Main Street USA" as Mustang became a part of Americana:

A Ford dealer in Chicago locked the doors of Mustangs in his showroom because he feared for the safety of people trying to crowd into them.

In Garland, Texas, 15 customers bid on the same car and the successful bidder insisted on sleeping overnight in the car until his check cleared the bank in the morning.

In Pittsburgh, a restaurant advertised, "Our hotcakes sell like Mustangs."

Parents purchased 93,000 Mustang toy pedal cars during the 1964 Christmas season at a price of \$12.95. Today, restored Mustang pedal cars are extremely popular with collectors and some sell for more than \$1,000, nearly 100 times the original price.

Nearly 500 Mustang clubs formed in the first two-and-a-half years of the car's production.

More than 8 million Mustangs have been sold in the 41 years since its introduction. The 1 millionth Mustang was sold by March 1966.

Based on the current sales trajectory, Ford expects to sell about 160,000 - 165,000 Mustangs in the U.S. for the 2005 calendar year.

It seems like '05 Mustang mania took a while to build, but it sure seems to be in effect.

Nothing could ever approach the '65-'66 record, however. One of every 13 cars sold during those two years was a Mustang.
