Next year's Roundup will be at an MCA (Mustang Club of America) Grand National event.

At the Port Orchard car show, John Campbell, Dave Glidewell and Bruce and Margaret Petersen all won trophies.

"Pinks All Out" drag race will be featured at Pacific Raceway on Fri & Sat. 8/14 & 8/15....Dave and Chris plan on attending after our car show on Sat. 8/15. Many other shows for Aug. were mentioned including 8/29 LeMay's in Parkland. Check your Good-Guys schedule.

"Ponies in the Sun" will be held in Yakima on 9/20 with a cruise-in on 9/19. Club members wishing to cruise over Highway 410 should meet at McDonald's at 6 AM at Hwy 410 in Enumclaw. The club usually stays at the Oxford Inn across the street from the show-site, which is Sarge Hubbard Park. Dave also mentioned cart racing at an outside track for \$40 for about 15minutes runtime. Is anyone interested?

Tech Sessions: Chris Johnson announced there will be an upholstery tech session and pricing, at ABC Upholstery in Renton, by Valley Hospital, on Sat. Oct 3 at 10 AM. Dick Knight stated he had a seat done taking over 6 hours and was very pleased.

Web Site: Skip Echert complained, again, about spammers on our web site's bulletin board, mostly of Russian and Romanian countries. We need more secure software. We all decided to get rid of the feature these spammers are accessing, the bulletin board.

New Business: Tom Rowley and Gayle O'Neil discussed club logo t shirts, colors and prices available. Tom said an email will be sent asking club

members what size and color they require. There will be a \$300 set up fee, and shirts may run about \$6.30 each with our full color logo. A polo shirt was also discussed.

There will be a board meeting at the Thursday night bag stuffing (8/13) event at the April's.

PCMC monthly meeting will be held on **Fri. Sept. 11th** instead of Fri. **Sept. 4th** due to the Holiday weekend.

Vice President replacement: Heather announced that we need to hold a mini election for a new Vice President, at which time Chris Johnson offered to take the position. The members voted him in unanimously.

From Margaret Petersen: Reminder from my email a few weeks ago, there will be a Harley Ride on Sat. Aug. 22, leaving from the Harley shop in Puyallup at 9AM and traveling to Ocean Shores for a salmon dinner that Bruce and I are cooking for. Any Mustangs interested?

Old Business & Car Show: Mark Palmore reminded everyone to show up for your car show assignment on Thurs. 8/13 (6PM), Fri 8/14 (6PM) and Sat. 8/ 15(6AM) and don't forget to bring your raffle donations. There are 190 cars signed up so far as of 8/7. Dave Reinhart wants to remind everyone to give him business names for his thank you letter which will be in the car show bag.

Special thanks to Tom, Cecil, Jim and Ella who built the trophies.

Dick Knight needs help hauling cars on trailers which might include a 2008 Cobra Jet, FR 500 Mustang Challenge car etc.

PICC will not be able to host their booth this year, thus will have flyers in the car show bags.

Pinks All Out by Chris Johnson

Dave Glidewell and I headed out to Pacific Raceways from The Bowen Scarff show at about 12:30 PM. Dave headed home to drop off his car, I braved the parking lot with my 91. Tiffany Dagan had some tickets to get in but when I got there my buddy Mark had already gotten one for me so I found a young couple with two boys in line and handed the free tickets to them.

When we got to our seats the first round of time runs were ending and the Second round was about to begin. The track crew kept the cars moving and we didn't move from our seats for a couple hours. Dave found us there and sat in the row in front of us. There were Mustangs from 1965 to a new 2009 Shelby GT 500 KR, lots of Foxbodies and late models. I took so many pictures that I had to go back to my car for another memory card.

Pinks All Out

If you have never seen Pinks All Out on Speed channel, they run all the entries heads up with the "tree" and then they match them up and run them through again. Both cars must beat a predetermined time to have a chance to compete in the all out race or the fastest 8 competition in that is shown on TV. from these cars the Pinks crew select 16 or 32 cars that run nearly identical times to race head to head for \$10,000.00. They also pick the fastest 8 to run for \$1000.00. There was over 400 cars!

In the cars the most notable was a 90's Corvette that did a wheel stand on every pass and a Silverado pickup with a 2200 horse power engine that ran 6.4 seconds and 220 MPH. They first ran the fast 8 and no other car could beat the Silverado. he final group was chosen and it included two mustangs and also the wheel standing Corvette. One Mustang, a 66 coupe driven by a woman, made it to the semi final races but lost there. I won't spoil the final for those of you that watch but it was really cool.

Dave and I talked in the parking lot waiting to leave, I said I probably wouldn't go next but after going through my pictures I changed my mind. It was the best drag racing I've ever seen.

Underwear is Important

If you don't laugh out loud at this one, call the morgue and reserve a tray, because you are dead. Always wear clean underwear in public, especially when working under your vehicle.

From the Northwest Florida Daily News comes this story of a Crestview couple who drove their car to Walmart, only to have their car break down in the parking lot. The man told his wife to carry on with the shopping while he fixed the car in the lot.

The wife returned later to see a small group of people near the car. On closer inspection, she saw a pair of male legs protruding from under the chassis. Although the man was in shorts, his lack of underpants turned private parts into glaringly public ones.

Unable to stand the embarrassment, she dutifully stepped forward, quickly put her hand UP his shorts, and tucked everything back into place. On regaining her feet, she looked across the hood and found herself staring at her husband who was standing idly by.

The mechanic, however, had to have three stitches in his forehead.

For Sale

My Mom owns an 1981 Ford Mustang Ghia. Mom is 76 and can not drive any longer (the car sits in the garage). I have tried to list this car in the newspaper and had no luck so I thought I'd try a club. We need to sell Moms car as it is a reminder to her every time she sees it that she can no longer drive and of independence lost. Mom has early stages of Alzheimer's and has other health problems that have caused this situation. We are not asking a arm and a leg for the vehicle. It has the following:

V-6, power everything except windows, t-tops, hatchback, one driver, one mechanic, it has 138k miles on a very clean and up kept engine. It's bright orange original paint, almost new tires, spoke wheels, bucket seats, shifter on the console. It has one boo boo, the stripping on the front left fender is missing, however, there in zero rust, no dents or mis-haps. This car has been garaged since the day Dad purchased it it's in very, good condition.

We are asking \$3000.00 for it, the title is clear and free of any liens.

Thank you Sincerely,
Toni Stebar (for Jean McCanna)
